

SUMMARY

Having worked in the ETL and Integration space for over 3 years, now I aim to push myself to newer challenges. With a history of meeting company goals, I now seek a Java backend developer role in an organization.

PROJECTS

PROFESSIONAL EXPERIENCE

Cerner | Data Engineer

Jul'18 – Present

- Translated business propositions into quantitative queries in SQL and collect/clean the necessary data.
- Performing Extract Transform and Load data from source to target systems as a part of clinical data migrations. Used formats include HL7, CCD & CDA (XML), CSV.
- Involved in continuous improvements in Data Extraction Scripts written in CCL (Cerner Command Language) developed on top of SQL, version controlling through Tortoise SVN and deploying in test and prod environment.
- Involved in testing and establishing a bi-directional connection between hospital and IIS (Immunization Information System) using Cerner's integration tool, **Open Engine**. Handled both Inbound and Outbound Communication Servers and their troubleshooting.

Cerner | Software Intern

Jan'18-Jun'18

- Developed an Excel Macro for automatic csv file creation containing medical printer configurations.
- Incorporated fuzzy lookup along with VLOOKUP for better search results.
- Imported data into excel from web sources for instant access and fast processing of macro modules.

Rakya Technologies | Software Intern

Dec'16-Feb'17

- Spearheaded, designed and developed a Content Management System using Drupal.
- Built multiple Drupal modules and leveraging the existing ones.
- Maintaining site configurations and stability through debugging.

EDUCATION

Bachelor's in technology, Computer Science and Engineering

Aug'18

Vellore Institute of Technology, Chennai, GPA – **8.96**

Relevant Coursework : DBMS, OOPS, Software Engineering, Data Structures and Algorithms, Operating Systems, Distributed Computing

VOLUNTEERING

- Volunteered at beach cleaning, blood donation camp, and more at National Service Scheme, VIT
- Teaching Volunteer at First Hand Foundation, Cerner
- Web development volunteer at sheforchange.org
